Office Memorandum • UNITED STATES GOVERNMENT

TO : The Executive, CIA

FROM : Chief, Administrative Staff

DATE: 15 December 1949

SUBJECT: Allocation of Military Personnel

Ref : Office Memo from Executive dated 11 October 1949, subject as above.

1. The following is a report of allocations of Military Personnel which is furnished in compliance with reference:

(a) Officers:

25X1A

All offices and staff sections of CIA are within T/O authorized by your Office except OSI. There is attached a copy of a memorandum signed by [REDACTED] of OSI outlining the reasons why that organization still has an excess of one (1) Army officer.

(b) Enlisted Personnel:

The strength of enlisted personnel is under that authorized by current directives, however, we still have an excess of Army enlisted men and a comparable shortage of airmen. This condition is being adjusted by transferring Army EM to the Air Force. An initial increment of four (4) transfers was initiated in November and transfers were effected in fourteen (14) days. Twenty-five (25) requests for transfer have arrived from overseas and are now in the Office of the Adjutant General. Authorization to transfer these men is expected in the near future. These twenty-five (25) transfers, if approved, will equalize the strength of enlisted personnel as required by directive from the Secretary of Defense.

Headquarters Detachment

5 December 1949

25X1A

Attention: Major [REDACTED]
Deputy Assistant Director for Scientific Intelligence

OSI Assigned Army Personnel

1. This confirms conversations re the current situation in which OSI has four Army officers assigned and a requirement that this be reduced to three.

25X1A

2. Colonel [REDACTED] because of his extended tour of duty with OSI, has been considered the probable target for reassignment. However, his capabilities and training are such that his release would result in a major decrease in the effectiveness of the Nuclear Energy Division. The office has, therefore, been exploring all avenues to determine possible means of retaining his services.

25X1A

3. We will be unable to reduce our Army officer complement to three by 15 December; however, Colonel [REDACTED] has decided to resign from the Army and continue with OSI in a civilian status. His transfer will be effected as rapidly as the necessary paper work within CIA and the Army can be completed. This transfer should not take more than 30 to 60 days, at which time our Army officer personnel will be reduced to three.
